RESPONSE TO NOTICE OF INCOMPLETE REPLY (NONPROVISIONAL)

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Please amend the above-referenced application as indicated below.

IN THE SPECIFICATION

Please insert pages 1-4 of the accompanying paper copy of the Sequence Listing into the specification.

Remarks

This response follows a "Notice of Incomplete Reply (Nonprovisional)", mailed June 19, 2001, and a "Notice to File Missing Parts of Nonprovisional Application" mailed March 30, 2001 in the above-identified patent application. The period for reply is that which was set forth originally in the "Notice to File Missing Parts of Nonprovisional Application". As that Notice designated the period for response to be two (2) months from the mailing date, Applicant had until May 30, 2001 to respond (extendable by petition). Applicant therefore submits a petition to extend the period of response for one month, from May 30, 2001 to June 30, 2001, making this filing timely.
